

BORNE OFF-ROAD®

RECOVERY RINGS

USE AND SAFETY INSTRUCTIONS

WORKING LOAD LIMITS

SMALL (MOTO/ATV/UTV)

12,000 lbs (53 KN)

LARGE (4x4)

22,000 lbs (98 KN)

USE AND SAFETY

- ▶ Do not exceed working load limits listed above
- ▶ Use only with synthetic winch lines and soft shackles
- ▶ Inspect for gouges and sharp edges before each use to prevent damage to line and shackle
- ▶ Clean the ring after each use and store in a safe place to prevent any accidental scratches or dings
- ▶ Never stand in the direct path of the winch line and ring when winching
